

Lithuania-Poland Workshop on Physics and Technology

26-27 September 2019, Vilnius Lithuania

The year of 2019 is particular – strongly evolving scientific cooperation and the important date – the 450th Anniversary of the Union of Lublin – encouraged to arrange the scientific workshop of neighbouring countries. The event intends not only extend the boundaries of scientific cooperation, enrich topics of project applications and open new dimensions in confluence of expertise – at the same time it aims to find more items which unite, but not separate us; which stimulate us solving problems and not aggravating them, which enrich and complement us; which uplift our neighbourhood.

Topics

- Semiconductor nanotechnology and new materials
- Advanced photonics systems
- Nanoelectronics and optoelectronics
- Nano- and biophotonics

Scientific Committee:

Gintaras Valušis (Chair from Lithuania)
Arūnas Krotkus
Vidmantas Gulbinas
Leonas Valkūnas
Jerzy Łusakowski (Chair from Poland)
Marek Samoć
Jacek Ulański
Stanisław Krukowski
Łukasz Kłopotowski

Organizing Committee:

Renata Karpicz (Chair)
Renata Butkutė
Domas Jokubauskis
Simona Pūkienė
Mažena Mackoit Sinkevičienė
